A diagram illustrating the assembly of a 2x4 Technic beam. A red pin is shown being inserted into a hole in the beam. A red bush is also shown being inserted into the same hole. The beam is shown in a perspective view, with its internal structure visible.

460

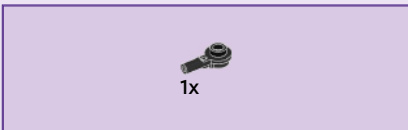

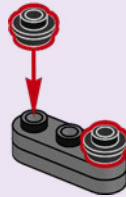

This diagram illustrates step 460 of the LEGO guitar assembly. A purple and pink piece, which is a modified Technic brick with a pink Technic pin attached, is shown being inserted into a hole in the blue Technic body of the guitar. A black arrow points to the specific location where the piece should be placed. The guitar's body is primarily blue, with a purple neck and a purple pickguard area. The neck features a black fretboard with white fret markers and four gold-colored strings. A red heart-shaped piece is attached to the side of the neck. The body has a white circular sound hole and a brown and white Technic structure representing the bridge and pickups. To the right, a white cable with a blue star-shaped connector is visible, and a small cluster of colorful Technic bricks (blue, red, white, and black) is shown nearby. The entire assembly is set against a light purple background.
